General

A1

The Open Market Consultation document describes the objectives and the rules applicable to the Open Market Consultation (OMC) of LVNL. The OMC aims to inform market operators regarding a possible future upcoming procurement and is performed under Dutch law.

The OMC also aims to understand the operators' capabilities to satisfy LVNL's needs and to obtain market parties' input on the viability of the possible future envisaged procurement plans and conditions as described in the Open Market Consultation document and annexes. The participant of this Open Market Consultation shows to have taken knowledge of and agrees with the following documents:

- Open Market Consultation ILS measurements with a drone
- Annex 1 Open Market Consultation Questionnaire ILS measurements with a drone
- Annex 2 LVNL Critical Infrastructure & Security
- Annex 3 Value Engineering model clause
