## 2. General, company presentation

### 1.

Party is requested to provide a general company presentation, at least providing input about the corporate structure and relevant capabilities in engineering, production and on site installation (max 4 A4)

[Document upload](#)

### 2.

Party is requested to state its preferred scope of supply if HVC comes to a tender. (i.e. design, manufacturing process equipment, auxiliaries, on-site installation, civils, others). And which partnerships (if any) parties normally engage in (i.e. subcontracts, consortia, joint ventures etc).

[Document upload](#)

### 3.

Party is requested to explain to what extend it is able and willing to (co-) investment and operate the plant during (part of) its lifetime.

[Document upload](#)

### 4.

Party is requested to provide a relevant reference list (biomass and/or (dried) sludge incineration), references not older than 10 years (date of plant hand-over).

[Document upload](#)

## 2. Technical questions

### 5.

Party is requested to provide the technical explanation

[Document upload](#)

### 6.

Party is requested to provide a Process flow diagram

[Document upload](#)

### 7.

Party is requested to provide a Plot plan, including estimates of height

[Document upload](#)

### 8.

Party is requested to provide a Project planning

[Document upload](#)

## 2. Commercial questions

### 9.

Party is requested to provide an indicative budget quote:

[Document upload](#)

### 10.

Party is requested to state what the investment advantage is when buying 2 or more units of 10MWth or a unit of 20MWth.,

[Document upload](#)

### 11.

Party is requested to state which types of contracts has Party experience in (Fidic yellow book, Orgalime, UAV-gc, EPC, turnkey, others)?
